

## practical research for education conference

Research as part of continued professional development

Wednesday 7 October 2009, NUT Headquarters, London

Considering carrying out your own research, but not sure if you have the time? Think again. This year's conference will be packed with presentations, discussions and workshops to erase your doubts.

- Learn how to embed research into your daily practice without the extra work.
- Learn the benefits of using and carrying out research.
- Discuss and share your experiences and questions.

Our keynote speaker will be Michael Day, Executive Director for Training, TDA. For a draft programme, including information on the workshops, visit [www.pre-online.co.uk/events](http://www.pre-online.co.uk/events).

Attendance includes lunch, refreshments and a delegate pack. The rate per delegate for *practical research for education* subscribers, students and NUT members will be £90 and all others £120 (including VAT).

Group bookings of more than four are available at a discounted rate on request. Prices are inclusive of VAT.

To book your place, complete and return the form overleaf or contact Marian Smyth on 01753 637245 or [m.smyth@nfer.ac.uk](mailto:m.smyth@nfer.ac.uk).
